

**Congratulations, Iuliia!**

**EMBO Short Term Fellowship for research stay in Geneva**

March 16, 2017

ILRS doctoral researcher Iuliia Viediarnikova has successfully applied for an EMBO Short Term Fellowship. [EMBO](#) supports young researchers in the life sciences. Iuliia will use this fellowship to visit the Lab of [Thierry Soldati](#) in Geneva, Switzerland, for 2 months this summer. This collaboration will allow her to study the defence mechanisms of the soil amoeba *Dictyostelium discoideum* against fungal spores.

Have a fruitful stay in Switzerland, Iuliia!
